

# COOLIDGE PAYS HONOR TO FORMER PRESIDENT

## FORMER EXECUTIVE IS EULOGIZED FOR HIS LOVABLE WAYS

Message Broadcast by Radio to all Parts of  
United States—Martyr Leader Spoken of  
as One Eminently Fitted for Service During  
Distracted Period of World History

WASHINGTON, Dec. 10.—President Harding was eulogized by his successor in office, Calvin Coolidge, in an address broadcast tonight by radio, as one who was eminently fitted "to serve a distracted world in a difficult period of its history."

The president spoke in his study at the white house and his address, one of the features of the nation-wide observance of Harding Memorial Week, was carried to the farthest parts of the country.

Exceptional facilities for broadcasting were provided as all broadcasting stations were requested by the department of commerce to remain silent during the time Mr. Coolidge spoke.

Mr. Coolidge began his address with a reference to Leigh Hunt's poem, "Abou Ben Adhem," in which an angel writes the name of him who loves his fellowman at the head of the list of "those who love the lord."

"It will be hard to find a better picture than this of President Harding, the man we loved and mourn," said Mr. Coolidge after reciting a verse of the poem.

"He loved his fellowmen and because they felt it and knew it, they loved and trusted him. His whole life, from the knee of that cherished mother who had an inspired faith in him, down to the day when a sorrowing world laid its tributes at his bier was a continuing testimony to his devotion to them and to their faith in him.

Gentle Nature  
"Some will say that such a sweet and gentle nature could only have found its setting and its opportunity for service in a strange and peculiar time. Perhaps they are right. Yet he came to the world's stage in an hour when it seemed set for other characters.

"The captains and the kings, the armies and the navies, the men who would have war, the men who would not have peace, had long dominated the scene. Where among them could place be made could ere be found, for this kindly, gentle, gracious soul.

"Yet he found his place. He caught to paths of peace and gladly it came. He beckoned the nations to come and sit in council. He pointed them the way to peace. He set example of readiness to cast away the sword from the arm of might. He sought for men and nations a peace—the only true and lasting peace—based on justice and right. He stood first and firm for his own country, then for mankind. His sincerity and frankness won for his side those who sensed the great truth of human brotherhood. So he led the way to the monumental accomplishments of the Washington conference on limitation on armament.

The same simplicity and directness marked his program in domestic affairs. His was the steady, strong, inspiring hand of guidance and helpfulness. It was never the mailed fist of compulsion. He knew that the greatest need of the world was peace with industry and production. He asked for these, and the will to them for thrift and the will to make good the losses that had been inflicted in the years of strife. He called the countrymen to set an example of those home virtues, and they did. He gave without remorse of his own strength, down to the tragic end. He rose above misunderstandings and misrepresentations, but he was seriously incapable of hard feeling toward those who were unfair with him. In a time when the minds of many men were prone to seize upon hurried conclusions, he held back and dared to take his time and thought before deciding. He was free from the pride of opinion, but strong in the determination of conviction. He had that calm courage which could not be overpowered but that was firm and final when decision had been reached.

Often Criticized  
"He was criticized because his own country, under his leadership, did not move forward so fast as some wished, but when worn out by the struggle he had so bravely borne, he laid down the burden his critics saw clearly what his leadership had accomplished. They say that it had been a leadership forward and upward, in an era when most other countries were moving backward.

In addition to selecting the convention city several other controversies are to come before the committee.

Reapportionment ordered of the 1924 roll, providing for 1,036 delegates as against 984 in 1920, promises some difficulties.

A. G. Lovekamp of Meredosia transacted business in the city yesterday.

## PRESIDENT ASKS LARGE TAX CUT FOR NEXT YEAR

Reiterates Stand Previously Taken on  
Soldier Bonus

WASHINGTON, Dec. 10.—A tax reduction of more than \$300,000,000 a year and a cut of about \$275,000,000 in the cost of government for the next fiscal year were proposed in the annual budget submitted to congress today by President Coolidge. The executive also reiterated his opposition to the soldiers' bonus, outlining his position on the question in some detail.

In the letter transmitting estimates of government requirements for the fiscal year 1925, Mr. Coolidge declared against the bonus as a proposition for which there was no "sound" reason. He said the tax cut would be possible only if new and larger scale appropriations were avoided and he believed that the tax cut and reduction in the cost of government would tend to align the whole people in support of economical administration of the nation's affairs.

The estimates provide for total expenditures of \$3,298,050,444 in the fiscal year. This would leave a surplus of almost four hundred million dollars but the projected reduction in tax rates would take away more than three quarters of the anticipated surplus which was calculated on the basis of present tax levies.

Soldier Bonus  
Discussing the soldiers' bonus the president said the government had no funds to distribute "to any class of its citizens that it does not take from the pockets of all the people."

Such an expenditure, he added, would "tend to absorb the expected margin between receipts and expenditures," which is counted on to make tax reduction possible.

The tax reduction proposal offered by President Coolidge follows the lines suggested by Secretary Mellon in a recent letter to Acting Chairman Green of the house ways and means committee. The treasury program would cut about \$323,000,000 from the total income but its adoption would permit the government to finish the next fiscal year with a small surplus if the estimates submitted by the executive at this time are not enlarged.

## KLAN TROUBLE AGAIN AIRED BY GOVERNOR IN DISTRICT COURT

Walton Asks That All  
Charges Against Him  
Be Quashed

OKLAHOMA CITY, Okla., Dec. 10. (AP)—An echo of Oklahoma's bitter Ku Klux Klan controversy was heard in district court here today in a preliminary hearing of evidence in the case of Governor J. C. Walton.

Walton will use in support of his action to quash six indictments charging him with criminal offense while in office. The deposed executive's motion, charges that he was indicted in furtherance of the Ku Klux Klan conspiracy, which he alleges was responsible for his impeachment and removal from office.

N. C. Jewett, grand dragon of the Klan in Oklahoma, created a sensation at the outset of the proceedings when he declined to answer questions of Walton's counsel pertaining to secret customs of the organization. The attorneys accepted his refusal and did not ask the court to intercede.

The hearing opened today coincidentally with the filing of an appeal in the United States supreme court in Washington by which Walton hopes to have the federal government intervene to the impeachment action against him on grounds that the Klan plotted with the state legislature to oust him and that he did not receive a fair trial.

LOCAL MAN'S POEM  
IN SPRINGFIELD PAPER

The Springfield Journal of last Sunday carried on the editorial page a poem by John Kearns of this city. This poem, "Civics," appeared in the Journal several weeks since.

VISITORS IN DECATUR

Mr. and Mrs. Charles Fawcett and daughter, Miss Ursula, were in Decatur for the week end. They were the guests of Mr. and Mrs. E. J. Howell. Mr. Howell was for a number of years manager of the Bell Telephone Co. in this city.

## Second Lot of Bills Breaks In Congress

WASHINGTON, Dec. 10.—Three proposals for constitutional amendments were included in the second wave of bills and resolutions which broke today in both the senate and house. The equal rights amendment sponsored by the Woman's Party, was introduced by Senator Curtis, Republican, Kansas; an amendment terminating the terms of President and Vice-President on "the third Monday in January," and Senators and Representatives on "the first Monday in January," of the year in which they would normally end, was offered by Senator Norris, Republican, Nebraska; and the amendment authorizing the president "a majority of the senators voting concurring," to conclude treaty, was introduced by Senator Owen, Democrat, Oklahoma.

Other joint resolutions included the maiden proposal of Senator Magnus Johnson, Farmer-Labor, Minnesota, directing the president to call an international convention to negotiate a general arbitration treaty, and another by Senator King, Democrat, Utah, to provide a world conference on disarmament.

The great majority of the measures introduced in the senate were private bills. Representative King, Republican, Illinois, reintroduced his measure to grant independence to the Philippine Islands.

Veterans would be given government hospital treatment for disability without regard to whether it was incurred in service, under a bill introduced by Representative Milligan, Democrat, Missouri.

An import duty on wheat at 5 cents a bushel and on alfalfa seed at 3 cents a pound was asked by Representative Williamson, of South Dakota.

Amending the farm loan act so that expenses of the farm loan board and its employees shall be paid by the land banks and joint stock banks was proposed by Senator Smoot, Republican, Utah.

Sanity Commission  
Will Inquire Into  
Sanity of Tompkins

First Degree Murder is  
Charged Against Slay-  
er of Wife

MILWAUKEE, Wis., Dec. 10.—A sanity commission will be appointed tomorrow to inquire into the mental condition of E. Ray Tompkins, wealthy real estate operator and self-confessed slayer of his wife, Ora.

Tompkins will be brought before Judge A. C. Baekus in Municipal Court tomorrow morning for arraignment on a charge of first degree murder.

W. C. Zabel, Tompkins' counsel, will enter no objection to the commission it was said tonight. Immediately following the examination of the former normal school instructor, and on his condition. Should this report show Tompkins unable to act for himself, he will be committed to an asylum and if cured, will be returned for trial.

Tompkins, late today fully realized that his "love dream and illicit romance" had come to an end. He awoke to the stern fact that Miss Florence Witmeyer is now too busily engaged in fighting for her own freedom to give much comfort to the man whom she is said to have met so often within ear shot of his wife.

Miss Witmeyer, former Normal School student, and former public school teacher, was arrested today on a statutory charge growing out of her alleged relations with Tompkins. Within an hour after Tompkins stood at the bar of justice in the district court, the young woman faced another judge. She was re-manded to the county jail in default of bail of \$500.

## DEFENSE BEGUN IN IOWA MURDER CASE

IOWA CITY, Iowa, Dec. 10.—The taking of defense testimony in the trial of Mrs. Mina Wertz, accused of slaying her husband, was started today and several witnesses testified before the court recessed late this afternoon.

Dr. Frank W. Mulsow, of the University of Iowa Medical College, testified as to analysis of spots on the kitchen floor of the Wertz home, the room in which Wertz was shot. Several spots alleged by the state to have been caused by pools of blood, were declared "not" to have been blood, but paint, by the witness.

Frank Mulsow, Iowa City attorney, who was first called by Mrs. Wertz, immediately after the shooting, testified about details at the scene of the shooting when he arrived there. Messer was Mrs. Wertz' legal adviser at that time.

## WILL FIGHT WOLVES WITH NOVEL METHODS

WINNIPEG, Dec. 10.—Having turned himself into a human porcupine, Stanley Carlson of St. Paul, Minn., today announced his intention of departing soon for Port Arthur to slay the wolves of Northern Ontario for government bounties.

He has constructed an anti-wolf equipment comprising a cowhide suit covered with spikes an inch long, a helmet, a wire mask and spike gloves. The rig weighs only 23 pounds, despite the fact that it has imbedded in it 1,200 nails at half inch intervals.

Carlson's plan is to let the wolves nibble at his armor while he clouts them on the head with an axe.

## ROAD OFFICIALS TO INVESTIGATE CAUSE OF WRECK

"Wild Bill" Donovan  
Among Those Dead  
from Collision

ERIE, Pa., Dec. 10.—Bodies of five of the nine persons, including that of William "Wild Bill" Donovan, who were killed in the wreck of the Twentieth Century Limited, crack New York Central passenger train at Forsythe, New York, near here yesterday, were sent to their homes today.

Five passengers injured in the wreck remained in hospitals here tonight, but Dr. H. Roth, railroad surgeon, declared their condition was good and that all probably would recover.

Meantime final preparations were being made for a formal inquiry tomorrow to be conducted by the New York Central railroad. All members of the train crew have been summoned at that hearing which will be attended also by Coroner B. M. Blood, of Chautauque county, New York, and representatives of the interstate commerce commission and the New York public service commission.

Separate investigations also are being conducted by the federal and state commissions.

The bodies sent home today, in addition to that of Donovan, which was sent to Philadelphia, were those of Mr. and Mrs. Otto Sweet of Los Angeles, Mrs. Carl D. Kinsey, of Chicago, and Ralph Parnell, Pullman porter of New York.

The bodies of Mr. and Mrs. R. V. Sturman and Mrs. Richard M. Sullivan, all of Springfield, Ill., were still at a morgue here tonight.

Coroner Blood, who earlier in the day had announced that an inquest would be held immediately after the railroad inquiry, declared tonight at his home at Fredonia, N. Y., that he would determine after the inquiry tomorrow when the inquest would be held. While asserting that the bodies of six of the victims were taken from the state and placed in morgues at Erie without authority, Colonel Blood declared that he did not expect to take any action in the matter.

J. J. Dailey, assistant of E. V. Brogan, superintendent of the Erie division, said tonight that the road's inquiry, to be conducted in the New York Central offices here would be "executive" and that the public would not be admitted. After the hearing, he added, it was probable an official statement would be issued.

The ten men who were in charge of the two sections of the limited when the crash occurred, will be the principal witnesses, Dailey said.

## LOWDEN REFUSES TO ACCEPT PRESIDENCY OF FARM FEDERATION

Says He Would Refuse it  
if Offered to Him  
Unanimously

CHICAGO, Dec. 10.—Former Governor Frank O. Lowden said "I could not and would not take the presidency of the American Farm Bureau Federation if it were offered me unanimously."

This assertion was made in a telegram tonight to Herman Stein, secretary of the National Wheat Growers advisory committee.

The message of Mr. Lowden, who is in Washington, was in response to an inquiry regarding reports and statements from farm bureau members that he was a candidate for the federation presidency, and that he had been involved in the ousting last Saturday by the executive committee of J. W. Coverdale, farm bureau secretary.

Mr. Lowden in his message said that the report that he had any thing to do with the removal of Mr. Coverdale was untrue and added:

"I did not even know that Coverdale had opposition and have never discussed the question with anyone."

## MICHIGAN MEN WERE LOCAL VISITORS MONDAY

Phil Deats, Horace Stone and M. R. Gould of Mattawan, Mich., were in Jacksonville yesterday, guests of G. B. Andre. They are connected with the Armour plant at Mattawan, and Mr. Andre owns farm property in that locality. The Michigan men drove thru and will spend several days duck hunting in Cass county.

## FIRE DAMAGES OVERMAN HOME

Fire, starting on the roof, did considerable damage about noon yesterday to the home of J. F. Overman, 1023 South Clay avenue. The flames spread over one wing of the building, and were extinguished with difficulty by the firemen. This property was formerly occupied by William McNamara.

## INSURGENTS AGAIN IN DEADLOCK OVER I. C. C. COMMITTEE

Senate Adjourns After Three Ballots Are  
Taken on Personnel of Members Who Will  
Handle Railroad Affairs During Session—  
Will Meet Again Today for Further Vote

WASHINGTON, Dec. 10.—Republican insurgents who favor sharp amendment of the transportation act brought about a deadlock today in the senate over the election of a chairman of the interstate commerce committee, which handles railroad legislation. Three ballots were taken without result and the senate adjourned until tomorrow when the voting will be resumed.

Senator Cummins of Iowa, who is both chairman of the committee and pro tem of the senate, fell four votes short on the first and third ballots and three votes short on the second ballot of the necessary majority for re-election as chairman of the committee.

Senator LaFollette of Wisconsin, leader of the insurgents, and ranking Republican on the committee, received seven votes on each ballot, while Senator Smith of South Carolina, Ranking Democrat on the committee, was given the solid support of the Democrats.

While waged along much the same lines as that conducted by the Republican insurgents in the house over the speakership, this fight does not have such far-reaching results as the senate can continue to function. Some leaders of the insurgents said the deadlock might go on several weeks, but some leading senators thought a break would come long before then.

No Bargaining  
Senator Cummins declared he would not bargain with the supporters of Senator LaFollette, adding that he had no intention of giving up his post for some other. He said also that he could not conceive that there is any question as to his right to the position of chairman.

Senator Cummins was advised some time ago by some of his friends that there was sentiment against his holding both the committee chairmanship and the office of president pro tem, but at that time he told Republican leaders that he had nothing to surrender, that he held both of his offices at the pleasure of the senate and that it was for the membership to decide whether he should retain either or both.

Senator Norris of Nebraska, a leader of the insurgents, issued a statement late in the day saying that the senators who voted against Senator Cummins were moved as a matter of principle and not by any personal feelings. "The progressives are perfectly willing that Cummins should continue to hold the presidency of the senate, but they do not think it fair and right or in the interest of good legislation that he try to hold both offices," he said.

Senator Brookhart of Iowa, another LaFollette supporter, declared the country was opposed to the transportation act and that he was "voting for the best man for chairman to bring about its repeal."

There were no nominations, each senator voting for his choice. Senators Brookhart, Iowa; Frazier and Ladd, North Dakota; Norris and Howell of Nebraska, all Republicans, and Johnson and Shipstead of Minnesota, Farmer-Labor, voted for Senator LaFollette.

On the first and third ballot, Senator Cummins received 41 votes and Senator Smith 39, while on the second ballot the vote was 39 for Cummins and 38 for Smith.

Balloting probably will not be resumed tomorrow until late in the day, the senate proceeding meantime to the transaction of other business which may come before it.

The launching of the fight against re-election of Senator Cummins as committee chairman apparently came as a surprise to leaders of both the major parties. The Democrats have planned to make a move to force an election of a president pro tem and their motion probably will be presented after the present fight is over.

The house met for thirty-five minutes, adjourning for another three day recess. No business was transacted.

## ARE TAKEN TO PRISON

Two prisoners were taken from here to the Chester penitentiary yesterday, in charge of James Wallace, deputy sheriff at Champaign, and Burley Jones of this city. The prisoners were William Stallis, who was convicted of murder, and Riley Buchanan, who was found guilty of passing a worthless check.

## CLAIMS FARMER NEEDS OPENING OF NEW MARKETS

Speaker Says English  
Agriculture Also  
in Bad Way

CHICAGO, Dec. 10.—(AP)—Until settlement of the problem of America "will continue to suffer losses that will total as much as or more than the whole amount at stake in the dispute," Gray Silver, Washington representative of the American Farm Bureau Federation today told the 217 delegates from 44 states attending the fifth annual meeting of that organization.

Just back from a tour of inspection in Europe, Mr. Silver saw much in the foreign situation that affects farmers of this country. He declared that American agriculture needs a strong foreign policy that will tend to open new markets.

Without active steps to bring agricultural relief in this country thru establishment of better markets and improved farm conditions Mr. Silver said that the American farmer will gradually become a peasant class.

"The time has come," he declared, "when the nation must determine the upstanding self-respecting business farmer of today and a subservient peasant class."

The farm bureau could well undertake to work out a process of international barter with German industrialists, which would result in exchange of American farm products for German goods Mr. Silver said.

A survey made first hand of European agricultural conditions showed farmers on the continent greatly improved, while those in England, "as in the United States are in a rather unhappy state."

A peasant class "patiently striving to shakeoff the burdens imposed by past centuries of monopoly and avarice," is to be found in Europe.

Mr. Silver said that a policy of isolation from foreign affairs—Continued on Page Four—

## A THOUGHT

The race is not to the swift, nor the battle to the strong.—Ecl. 9:11.

When we leave this world and are laid in the earth, the prince walks as narrow a path as the day laborer.—Cervantes.

One of those who are seeking to break down the prohibition law and constitutional amendment declared that if George Washington and John Marshall were alive they would have to face a liquor quiz if they were candidates for office. The gentleman is mistaken. Probably both of those patriots drank intoxicating liquor in moderate quantity, and it may be that they brought and held it on various occasions, but there was then nothing in the law of the Constitution to prevent such transactions. But whatever their attitude toward liquor, the records of Washington and Marshall

show them to have been law-abiding citizens. If they were alive today they would not only obey the law, but would refrain from inciting others to its violation by constant criticism of the statute and predilections that it never could be enforced.

## THE TEST OF A CHRISTMAS GIFT

Many millions of dollars will be spent during the next few weeks for gifts. The greater part of them will be well bestowed, but such many such offerings will be useless.

The best gift is something that the recipient has wanted. While useful articles that a person is going to need are given more than ever before, yet the gift that appeals to a person's imagination and sense of beauty may seem equally appropriate.

People often long for things for years, but feel they can get along without them, and so never buy them. A gift of that type may not always be strictly practical, yet if it satisfies a long cherished desire, it may create more happiness than anything else. The person who wants to make appropriate gifts must think carefully the tastes and desires of his friends, and often consult the members of the friend's family to see what is wanted or needed.

## MOVING BY AIR NEA

One of these days, when people move from town to town, their furniture will be transported in airplanes. So predicts C. W. Warner of Boston, who's said to be the pioneer in cross-country motor truck transportation of household effects.

"I am speaking carefully when I say the airplane will some day take over the distant transportation of house furnishings," Warner declares. "There is a limit to the capacity and speed of the motor truck. As people move faster, their belongings must move faster in their wake. In years to

come, a man will give his new address to the movers. Within 24 hours he should be able to walk in the new front door with his wife and children, and find everything as he left them yesterday 3,000 miles away."

Doubt it? Well, it doesn't seem as improbable as our present speed of moving from city to city, by trains and motor trucks, would have seemed to the former generations that moved slowly across the continent in covered wagons drawn by oxen or horses.

It's unquestionably within human power to keep on developing the airplane until furniture could be moved thru the air for hundreds or thousands of miles without great expense.

Looks, too, as if it will come to pass.

But will it be worth while? Are we really any better off, by reason of all this speed and so-called efficiency? Wasn't life more worth living, back in the covered wagon days? Weren't people happier? And didn't they have more time and opportunity for the improvement of self—which, after all, apparently is the chief purpose for which we're put on earth?

Don't forget, the airplane hearse is coming! Auto-hearses will prove too slow.

## COVERED WAGON COMES THURSDAY

Beginning Thursday, "The Covered Wagon," that typically American play of the winning of the West, begins its local engagement. The spirit that animated the pioneers is its theme. They defied all hazards and—another great step in America's progress—conquered the unknown—the savages, wilds, hostile animals and nature, desert thirst, heat, cold and hunger along the California and Oregon trails in 1848-49 into the country's newly acquired possessions. That, briefly, is the story of "The Covered Wagon." Replete with thrilling adventure and pioneers' indomitable spirit, it likewise has a love story of great sweetness and a rough but sympathetic humor that touches the risibles and the heart strings.

Will Jackson, Jim Bridger and Joe Dunstan are true pictures of the frontiersmen that helped make the greater America, and their portrayals by Messrs. Torrence, Marshall and Oliver will delight greatly the Jacksonville audiences. The gallant Major Bannon played by J. W. Kerrigan and the beautiful Molly Winkate acted by Lois Wilson embody the romance. In the supporting cast are three thousand people representing whole caravans of "prairie schooners": families, a thousand Indian braves and squaws vividly reproducing the savagery of their ancestors; and, among the animal contingent, 600 oxen, 1,000 horses and 500 mules. The vastness of the canvas requires great numbers to give it epic meaning.

## DEMOCRATIC WOMEN CONFER IN CHICAGO

Mrs. Henry W. English of This City Had Active Part in Democratic Women's Conference.

At a conference of Democratic women held recently in Chicago, Mrs. Henry W. English of this city was one of the delegates in attendance and took an active part in the business transacted. More than 200 delegates representing various organizations throughout the state were in attendance.

At one session Mrs. English, who is a member of the Woman's Auxiliary, Democratic State central committee, made an address on the theme "One hundred percent organization. How it may be accomplished."

At a subsequent session Mrs. English spoke again, having for her theme "The Rising Tide of Government."

The Chicago conference was arranged by Mrs. E. A. Bergland of Galva, chairman of the Women's auxiliary, Democratic State central committee; Mrs. Anna L. Smith, Chicago, Illinois, local committeewoman; Mrs. Katherine Waugh McCollough of Evanston, president Illinois Woman's Democratic club and Mrs. Samuel Slade, of Chicago, president of the Illinois Democratic women's forum.

One of the interesting addresses of the convention was by Mayor W. E. Dever of Chicago and another speaker heard with great interest was by Mrs. Carl Vrooman of Chicago.

Mrs. English who is enthusiastic for the nomination of Judge Norman L. Jones for the governorship, said yesterday that a great deal of enthusiasm for him was shown at the convention.

## COCHRAN TRIAL OPENS AT NASHVILLE

Man Who Killed Three May Go To Insane Hospital—Dr. Norbury Believes Defendant Has Paranoia.

The trial of Walter L. Cochran, which is now under way at Nashville, Tenn., will attract wide interest. Cochran, it will be remembered, killed his wife and baby and mother-in-law at Belleville, number of weeks ago. He also shot a policeman, a deputy sheriff and for hours afterward resisted arrest. It was necessary to bring the murder squad from East St. Louis armed with tear gas and other equipment before the man could be taken.

Subsequently he maintained that he had no recollection of having committed the crime. The case was taken to Nashville on a charge of venue, as the feeling against Cochran was strong in Belleville.

Dr. F. P. Norbury of this city and Dr. Ralph Goodner, formerly superintendent of the insane hospital at Kankakee are alienists for the defense. They have examined Cochran from time to time and believe that he had paranoia with pathological drunkenness.

The history of the man shows that he was in an insane hospital at Wichita Falls, Tex., and also at another insane asylum in the south. He was sent to both of these institutions after having shown homicidal tendencies but subsequently made such improvement that he was released. The trial was begun yesterday.

## SUIT IN ASSUMPSIT

A suit in assumpsit was filed in the office of Clerk of the Circuit Court F. E. Wanamaker yesterday in which A. G. Rawlings seeks damages from J. R. Caruthers to the amount of \$1000. Only the praecipe in the case was filed.

## MET TRAGIC DEATH IN RAILROAD WRECK

Mr. and Mrs. R. M. Sullivan, Former Residents Here, in Casualty List—Their Son and Daughter Also Killed—May Be Buried in Local Cemetery

Tragic news of the death of Mr. and Mrs. Richard M. Sullivan of Springfield, former residents of this city received in Jacksonville Sunday, when it was learned they were victims of a train wreck Sunday morning, at Forsythe, New York. Mr. and Mrs. Robert V. Stureman, son-in-law and daughter of Mr. and Mrs. Sullivan, of Springfield were also victims of the 20th Century Limited wreck in which nine people met death and five other persons were seriously injured. Mrs. Sullivan was born and reared in this city and is survived by her aged mother, Mrs. Anna Wood of 363 West College street and numerous other relatives.

Several Jacksonville owners of radios received the first word of the wreck and the news of the tragedy was communicated immediately to the relatives of Mr. and Mrs. Sullivan by Mr. and Mrs. O. D. Graff of West College street. Mrs. Wood, mother of Mrs. Sullivan was not notified of her daughter and son-in-law's death until Monday morning since she has been feeble for several months and it was feared that the news of her daughter's untimely death might unnerve her. However she bore up well when informed of Mr. and Mrs. Sullivan's deaths.

No more details of the accident have been received by Jacksonville residents other than the news received over the radios and thru the newspapers. No news of the funeral plans have been received but it is expected that the remains of the Springfield victims will arrive in that city Wednesday. Mr. and Mrs. Sullivan will probably be buried in this city.

## Many Local Relatives

Before her marriage Mrs. Sullivan was Clara Wood of Jacksonville, a daughter of Mr. and Mrs. Abram Wood. Her father whose death occurred about 12 years ago was a prominent resident of the city and a former alderman. Mrs. Sullivan received her education in the local schools and grew to womanhood here. Hundreds of friends and a number of relatives survive her here.

The death of the Sullivans and their daughter, Mrs. Stureman leaves but one survivor of the Sullivan family, Miss Dorothy, a student at the National Seminary of Washington, D. C., with whom Mr. and Mrs. Sullivan and Mr. and Mrs. Stureman had been visiting on their Thanksgiving trip in the East. Mrs. Sullivan is survived by one daughter, Miss Dorothy, her aged mother of this city, and the following brothers and sisters: Mrs. William Huffman, Los Angeles, Calif.; William Wood, Jacksonville; Mrs. W. L. Leach, west of Jacksonville; Mrs. E. L. Hammel, Lynnville; Mrs. Laura Hill, Fairview, Ill.; Clarence R. Wood, St. Louis; and Wilbur Wood residing in the west. One brother, Joseph Wood, preceded her in death.

Mr. Sullivan first came to Jacksonville about 35 years ago when he attended Whipple Academy and Illinois college. At this time he attracted a great deal of attention as an athlete taking an important part in baseball and football, being catcher on the baseball nine and halfback on the football eleven when Julian Duer was captain of the team in 1894.

## A Power in Politics

Immediately after his marriage to Miss Wood they moved to Springfield and since that time he has been a visitor here many times. "Dick" Sullivan as he was familiarly known in Springfield and in this community and thru-out the state began his political career in North Springfield and since that time has become recognized as a political leader in Springfield and Sangamon county, being prominent in Republican circles in Illinois.

Mr. Sullivan is survived besides his daughter in Washington, D. C., three brothers and two sisters: Charles, Eugene and Patrick Sullivan of Springfield, Mrs. Annie McCarty of Chicago and Mrs. George Schwaner of Springfield.

Mr. Stureman, son-in-law of Mr. and Mrs. Sullivan was a member of the firm of Stureman-Buttrick company and was a veteran of the World War. Mr. and Mrs. Stureman who were frequent visitors in this city, leave a three year old daughter in Springfield. The orphan will probably be cared for by Mr. Stureman's parents who reside in Peoria.

As soon as Springfield relatives were convinced Sunday of the death of Mr. and Mrs. Sullivan, Mr. and Mrs. Charles Sullivan and George Schwaner boarded the train for Erie, Pa., to take charge of the bodies. They expected to reach their destination yesterday afternoon.

## M. L. HILDRETH SPENDS SEVERAL DAYS HERE

M. L. Hildreth, deputy state factory inspector, is spending a number of days in his home city. At this season of the year there are usually special industrial inspections to be made and the same is true in Springfield, where Mr. Hildreth will spend part of his time from the present until Christmas.

## L. B. SMITH RITES WERE HELD MONDAY

Services for Seattle Man Held at Island Grove in Former Home, and Attended by Many Relatives and Friends

Brief but impressive funeral services for the late L. B. Smith, whose remains were brought from Seattle, Wash., were held at 1:30 o'clock yesterday afternoon at the old Smith homestead near Island Grove, where the deceased was born 71 years ago. A large number of friends and relatives from Island Grove, Jacksonville and Springfield were in attendance at the services. The Smith home is now occupied by the Misses Smith, nieces of the deceased.

Services were conducted by Rev. Reid, pastor of the M. E. church at Island Grove. Mrs. Barr Brown sang two beautiful solos: "When I Meet Him Face to Face," and "Beautiful Isle of Somewhere."

The numerous beautiful floral tributes were cared for by Mrs. B. S. Gailley and the Misses Smith. The bearers were J. B. Hitt, J. Y. Kelley, J. D. Smith, Jr., E. W. Brown, F. W. Brown and Dr. J. D. Smith. Interment took place in the Island Grove cemetery.

The remains were accompanied from Seattle by Mrs. Mary Margaret Piques, a daughter of the deceased. The services were also attended by his only son, Lloyd B. Smith of Fremont, Va.

## 'Monna Vanna'

Arresting Beauty—Cyclonic Action  
Perfect Artistry—Powerful Appeal

"Monna Vanna," recognized as one of Maeterlinck's most dramatic creation, has every qualification of superior entertainment. The character role was first created on the stage in Paris by Maeterlinck's wife, Georgette LeBlanc, and later portrayed in America by Bertha Kalich. The opera "Monna Vanna" was sung by Mary Garden in the title role. Now comes the screen production—a glowing story that throbs with the love motive; powerful in its realistic portrayal of life; swift in the tumultuous events that mark its steadily rising action.

There are the clash of wills between two masterful men, the supreme spirit of sacrifice lighting the soul of a sublime woman, followed by a great mental struggle and strong physical strife. These are the dramatic elements that will grip your emotions down to their very roots. One clear, sharp flash of conflict succeeds another, destiny hanging in the balance, creating a crescendo of suspense that will lift you with the action to a vivid, pulsing climax. If you like characters that move and breathe and live, if you want a production of particular excellence, then see "Monna Vanna."

## TELLS STORY OF BIG BAPTIST CONVENTION

Dr. D. O. Hopkins Speaks at Local Church Sunday Morning, Giving Account of World Alliance Meeting—Tales of Persecution.

Members of the First Baptist church were treated Sunday morning to a sermon on the Baptist World Alliance, which met last summer at Stockholm, Sweden, the speaker being Rev. D. O. Hopkins of Normal, superintendent of the Baptist district. Dr. Hopkins was one of the delegation from the United States who attended the Alliance. While abroad, he also visited his father in Wales, whom he had not seen for 23 years.

The speaker first told something of the people who attended the great Baptist gathering. This world organization of Baptist had not met since 1911, tho it is supposed to assemble every five years. The World War caused the interruption and no meeting had been held since the one at Philadelphia in 1911.

The gathering in Stockholm last summer was attended by nearly 3,000 delegates from near-

ly every country in the world. Forty to fifty different languages were spoken at the meeting, and the songs were printed in four languages, French, German, Swedish and English, the last being the official songs of the Alliance.

At the roll call of the nations, a representative of each country, dressed in the proper costume and speaking the language of his people, responded with fitting remarks. Following the speech the delegation from that nation would rise and sing a hymn in their own tongue. The fifteen negro delegates from the colored Baptist churches of the south were entertained at the home of the only millionaire Baptist in Sweden. Baptists were there from Latvia, Russia, India, the newly organized republicans of the Balkans, and other European and Asiatic nations, small and great. The sixty German delegates were in a pitiful plight.

They had received assurances from the Alliance that they would receive courteous treatment, and this was accorded them; yet they felt afraid and uncomfortable. Had the meeting been held in August instead of July, they could not have attended, as the drop in German marks was so great as to make prices of traveling prohibitive.

### Persecutions Countered

A surprising phase of Dr. Hopkins' address was his account of the persecutions thru which many of the delegates from oppressed countries had passed. Some of these churches of Europe are firmly opposed to the progress of Baptist faith, and many of its adherents he said have been thrown into prison, shot, mutilated and otherwise maltreated. One man was at the convention who had been placed in prison with a kang of horse thieves and left without food until the other prisoners protested and made the jailers ashamed. Another, who was a pastor of eight churches, was arrested one night by police while holding a meeting. He was also a farmer, and the officers took all his goods. Trying to save his children from starving, this man walked a hundred miles and bought two sacks of grain. He carried it back, and when but a short distance from his home, these same police seized him, stole his grain, placed the muzzle of a rifle in his mouth, and blew a hole in the side of his face.

There were at the convention children from Spain, who only a few months before, had had their souls washed out with a strong disinfectant because they had gone to a Baptist Sunday school and had sung Baptist hymns. However in spite of these persecutions the Baptist churches in these oppressed countries had grown enormously during the preceding year. Some of them had increased their membership 30 to 50 per cent, and some had increased even six hundred per cent.

## WOMAN'S COLLEGE NOTES

Mr. Metcalf of the Illinois Woman's college tells of an interesting and unique discovery at the college. Recently some repair work was done in the basement of the main building, and in the process of tearing out some of the wood work, the frame-work of the college was unbricked, its lintel charred and burned from the fire of 1870, with the odor of burnt wood as distinct as the day of the fire which destroyed the building 53 years ago. The charred timber was removed and will be preserved as an interesting relic relative to the early history of the school. Mrs. Belle Short Lambert, a trustee of the college, was one of the I. W. C. students who were all assembled in the chapel at the time the fire was discovered.

Dr. and Mrs. Harker have left California and are expected back in Jacksonville about Christmas day.

Miss Irene Wood, associated with the offices of the college, spent Sunday at her home in Murrayville.

Miss Mary Anderson of the faculty was called to her home in Macon, by the sudden death of her father Sunday night.

### MEMORY VERSES

In Memoriam of Mrs. Margaret Cox died December 6th 1923, age 74 years, 4 months, 3 days.

If Mother Were Here  
My life is so weary, So full of sad pain,  
Each day brings its shadows, its mist and its rain.

There's no ray of sunshine, My pathway to cheer—  
But somewhere would vanish if mother were here.

Each hope for me blooming, but blooms to decay,  
Each joy that I treasure, Soon withers away.

My dreams full of beauty, In bloom disappear—  
But soon all would brighten, if mother were here.

O, to lay my poor head in her dear lap once more,  
And feel her soft fingers stray lovingly o'er;

And catch her fond whispers and glad words of cheer—  
How soon grief would vanish if mother were here.

How tender her tones were, how loving and sweet,  
As she told me of life, and the trials I'd meet;

Yet little I cared then, but little did fear,  
For she was beside me; My mother was here.

Now flowers bloom above her, And winds in the grass,  
Breathe low, solemn dirges, as gently they pass;

And I'm left, left to mourn her, With many a tear—  
O, earth were far brighter, if mother were here.

## CENTENARY CHURCH Market and Bazar Thursday, Dec. 13 at Furry's Grocery.

### CONGREGATIONAL CHURCH NOTES

The members of the Congregational church in this city will hold their annual business session Wednesday evening in the parlors of the church. At this meeting will be received the reports of the various heads of departmental work of the church. It will also be the occasion for election of officers, and the planning of the coming year's work.

The annual supper will not be given this year owing to numerous conflicting social activities.

It has been decided to postpone the Christmas Vespers program until Sunday afternoon, Dec. 16. It originally was the intention to hold this service next Sunday. The program will be "Mauder's Bethlehem," given by soloists and chorus under the direction of Professor Garnett Hedge.

In order to ascertain the amount of pledges of its members towards the work of the church for the coming year, it was asked that they report to the various committee direct, and it is stated the plan met with gratifying success. Heretofore it has been the practice to district the field and send out committees for a house-to-house canvass.

## SET OPENING DATE OF MISSION SCHOOL

Third Annual Baptist School of Missions to Open Here on First Sunday of Year—Pageants are Planned.

Rev. A. P. Howells, pastor of First Baptist Church, has announced that the third annual School of Missions held by the church will open the first Sunday in January, and continue for six consecutive Sunday nights. The sessions of this school will be divided into two periods, one for classes and one, during the regular preaching hour, for lectures and pageants. There will be classes for intermediates, seniors and adults.

The pastor is arranging several special entertainments for the lecture periods. One Sunday a four reel motion picture will be shown, depicting life in one mission field. Three departments of the church will, as last year, give religious plays or pageants. The State convention of the denomination has offered the church the services of two missionaries from India, who produce a pageant of Indian life.

### FARM BUREAU NOTES

fairs "is not compatible with the best interests of our farmers who must look to others nation's for an outlet for their surplus."  
Henry C. Wallace, secretary of agriculture criticised those packing companies which are opposing the department of agri-

culture in its efforts to investigate their books. He declared that the question raised by this opposition, which he said would prevent effective enforcement of the packers and stock yards act if successful "is going to be passed upon by the highest court in the land."  
"My experience of the past year and a half has shown me very clearly the imperative need of knowing the packers' books," Mr. Wallace said. "We are charged with the duty of seeing to it that no unfair practices are followed by this industry. We can-

not do our duty unless we know what is going on behind the scenes as disclosed by the books.  
"Agriculture will injure itself as well as other industry if in the resentment because it is temporarily a step behind in the social progress it fails to fix its vision on ultimate objectives which will themselves correct these disparities, Julius Barnes, president of the chamber of commerce of the United States, another speaker declared.

COOLIDGE PAYS HONOR  
TO FORMER PRESIDENT

(Continued from Page 1)  
saw that prosperity smiled on some favored land. They saw that prosperity and material well being somehow strangely in other lands. So they came to realize what his modest, unassuming leadership had wrought for his country.  
"It was natural that such a character, passing from the stage of life should leave the multitude a sense of personal loss. Seldom indeed has any man's death left that feeling among so many. He was mourned abroad and at home. The conviction was felt everywhere that he was one of the men best fitted to serve a distracted world in a difficult period of its history. But was not permitted to finish his task. He broke and went down under its load. In the hour of sorrow for his loss, men and women were moved to a broader charity, a relaxation of partisan excesses, a determination to be fair and moderate and reasonable. His life became in the tragic sorrow of its end, a lesson in the value of simple and modest ways.  
"We mourn him today and we shall mourn him so long as remembrance holds before us the picture of his patience, forbearance, faith and Christian tolerance. These are rare virtues, too seldom found among the men who have the strength to rise to high places. They are the virtues that men need to seek and cultivate in these years of stress in the world. They point the way to salvation for men for nations for humanity itself. We may well hope that his example to his own countrymen and to the world may help greatly to bring a spirit of charity, accord and true fraternity, where shall be lighted the lamp of understanding to show our feet into the paths of peace on earth, good will to men, we may well consider by what means we can show our appreciation and by what method we can best enshrine his memory."

**ORGANIZED CHARITY**  
In these days of organized charity when scientific methods are being applied to social problems is there not a danger of losing the human element, the good neighbor spirit?  
"Would you be willing to give free care to a child during its mother's stay in a hospital?  
To teach some poor manager to budget her household expenditures?  
To plan at regular intervals, with some inexperienced mother, the clothing supply of the family?

CHAIRMAN OF BOARD  
OF CAN. PAC. RAILWAY  
DIES VERY SUDDENLY

**President of Road for Many Years During Development**  
MONTREAL, Dec. 10.—Lord Shaughnessy, chairman of the board of directors of the Canadian Pacific railway died today in his 70th year. He was taken ill suddenly yesterday. Death was due to heart disease and complications. Lord Shaughnessy was born in Milwaukee.  
Lord Shaughnessy, or Thomas George Shaughnessy, first Baron of Montreal and Ashford, County Limerick, Ireland, the head of the Canadian Pacific railway, was born in Milwaukee, Wis., on October 6, 1853. He attended the public schools of his native city and entered the employ of the Chicago, Milwaukee and St. Paul Railway when 16 years old.  
In 1882 when eating a meal in a restaurant he attracted the attention of Sir William Van Horn, then collecting a staff for the infant Canadian Pacific Railway and was engaged as general purchasing agent. He was made assistant to the president in 1889, a vice-president and director in 1891 and became president of the company in 1899, retiring to become chairman of the board of directors in 1918. He was knighted in 1901, made a Knight Commander of the Victorian Order in 1907 and raised to the peerage in 1916.  
During his regime as president of the Canadian Pacific it grew to be one of the greatest single transportation systems by land and water in the world. It poured out \$600,000,000 on the development of the Canadian west and its shipping facilities to the railway. In 1901 its capital stock was \$65,000,000 and when he left the presidency it was \$260,000,000.  
Lord Shaughnessy's characteristics have been described as "optimism, quick decision and courage." His method was frequently spectacular and daring. For instance, in the course of a conversation with Sir William Van Horn, in the early part of the century, the latter, referring to the Canadian Pacific and the West, said: "We have built the hopper, but we want the spout." Shaughnessy decided there should be two spouts. Almost overnight he arranged for the purchase of the Atlantic ships of the old Beane lines, amounting to 15 in all and set up the system whereby huge numbers of immigrants were secured and transported from England and Europe to Canada on them. Later he acquired vessels for the company's Pacific trade.

CHRISTMAS SEAL SALE

Have you bought your limit of seals? Remember that to carry out the program of a Tuberculosis Nurse will require at least \$3,000.00 and that means a liberal purchase of each on the part of everyone. What is your debt for public health? Does ten cents worth of seals pay it? Does a quarter's worth? Let us remember all those who need our help this Christmas time and make our own holidays the happier.  
Last year Morgan county stood thirty-second in the hundred and one counties of the state in per capita sale, with an average of .0357 per person. Does that amount express your interest in public health? Sangamon County averaged .0659 per capita in its seal sale—almost twice as high as Morgan County's sale per capita. Logan County exceeded Sangamon with a sale of .0711 per capita. Where will we stand this year? The way that the school children have backed the seal sale deserves the greatest support from every grown person. One woman said that she began early in the fall to put aside dimes so that she was ready when the children came with their seals, and she never refused a single child. Are we doing all that we can, everyone of us?

OAKLAWN ITEMS

- Twenty two patients are now at Oaklawn. Eight of them are out of county patients. One patient has recently entered from Dr. Palmer's Sanatorium of Springfield.  
The visit by Dr. Brokaw last week to the institution was very much appreciated. He left words of cheer which were very gratifying to the patients and staff.  
Mrs. Stone and Mrs. Seeley of Rushville recently called at Oaklawn.  
Six soldier boys are being cared for at Oaklawn.
- THIRD WARD P. T. ASSOCIATION TO MEET**  
A joint meeting of the Parent-Teachers association of the Franklin and Morton schools will be held at the Franklin building this evening at 7:30 o'clock.  
The meeting tonight will partake of the nature of a "Fathers' night," the entire program to be given by fathers of pupils attending the schools.  
It is desired that every father having a child in attendance at either of these schools be present at this meeting.
- Mr. J. S. Bath was among the residents of Arenzville who visited the business district in Jacksonville Monday.
- Mrs. J. A. Smith has returned to her home on Freedman street after a very pleasant visit with her daughter in Chicago.

ALEXANDER RESIDENT  
STRICKEN BY DEATH

**Owen Kierman Drops Dead at Priest's Home Monday—Heart Failure Is Jury's Verdict—Other Alexander News Notes**  
Alexander, Dec. 10.—Owen Kierman, 70 years of age and a native of Ireland, dropped dead here at 3 o'clock this afternoon at the residence of Rev. Fr. Lucius. Mr. Kierman came to this country when he was nine years of age. During most of his life he followed the occupation of farming and owned a farm near Alexander. For the past two years he has been retired, living in Alexander. He is survived by a brother in Ireland and a nephew and niece in New York City.  
Coroner C. A. Rose was immediately notified of the death

and came to Alexander where he impaneled a jury of inquest consisting of John Colwell, John Corde, T. M. Crum, Frank Bertscheider and Fr. P. A. Lucius. The jury found that Mr. Kierman came to his death thru heart failure, to which he had been subject for sometime.  
The remains were taken to Jacksonville to the O'Donnell undertaking parlors. Interment will probably take place in Calvary cemetery, though no funeral arrangements have yet been made.  
Mrs. J. T. Little of Alexander has received word of the death of her relative, Mrs. George Meyers, which occurred at Mount Sterling. Mrs. Little will leave tomorrow for that place, where the funeral will be held Tuesday afternoon.  
Mrs. Noel Wiley, residing south of Alexander, was taken to St. John's hospital at Springfield to-morrow.

Mrs. G. A. Boggs, who recently underwent an operation at Jacksonville hospital, is reported as getting along nicely.  
The Alexander M. E. church will hold a chicken pie supper at the church Thursday evening, the menu consisting of chicken pie, mashed potatoes and gravy, jellies, salads, peaches, cake, coffee, etc.  
**TODAY—TRINITY Bazar and Food Sale, Guild Hall, 10 o'clock.**  
The Ladies Aid society of Shiloh church will give a cafeteria supper Wednesday, Dec. 12th at the home of Mrs. J. R. Black north of the city.

**California and the Burlington**  
are solving the winter vacation problem for hundreds of folks who were unable to "get away" during the mid-west's busy summer.  
The cost of the trip (minus what it will cost to remain at home) is quite moderate, and the use of THE BURLINGTON—the road to Vacationland—makes the going as enjoyable as the getting there.  
The favored route leads through Denver, Pike's Peak Region, Royal Gorge, scenic Colorado, and Salt Lake City—a world-famous steel highway through a large share of America's most inspiring scenic territory. And the rest of the best is to be found in the Pacific Northwest—The American Wonderland—Seattle, Tacoma, Portland, the Columbia River, the Olympics, Cascades, the Northern Rockies—which may be included in round trip, reduced rate tickets at a surprisingly low additional cost. Let's discuss this in detail.

## SOCIAL EVENTS

### Rook Party Held At Sorrells Home

About fifty friends were entertained last evening with a rook party at the home of Mr. and Mrs. Neal Sorrells near Litterberry. Mrs. Sorrells and Mrs. Ivan Bateman were the hostesses. Progressive rook was the chief amusement of the evening, and delicious refreshments were served.

### Monday Conversation Club

Mrs. Austin, dean of Illinois Woman's College was hostess to the Monday Conversation club, which met yesterday afternoon in the Belles Lettres hall of the college. Mrs. E. W. Bassett read a paper on the topic "Canada of Today." She was assisted with the program by Mrs. Earl Spink, Miss Alice Phillips, and Miss Mary Johnston.

### Ella Ewing Missionary Society

The Ella Ewing Missionary society of the Central Christian church will meet Tuesday evening, Dec. 11, at the home of Mrs. George Peck, 511 West College street, with Mrs. Peck and Miss Elviah Shores as hostesses. The program, under the leadership of Miss Alice Green will include an outline of the book "Shelton of Tibet," reviewed by Miss Pearl Jewsbury. Miss Marie Finney will talk on Bertha Merrill's book, "In New York." There will be short talks regarding the Jubilee work.

### Sophomore Entertain

Seniors at I. W. C. The sophomore class entertained the senior class of Illinois Woman's college Saturday evening with a kid party. All guests came in costume. Children's games, such as "Drop the handkerchief," "London Bridge," etc., were the order of the evening. All had a good time about a miniature Christmas tree, until Santa came out of the fireplace and distributed presents. The kid idea was carried out in the refreshments, which consisted of ice cream, santas, animal crackers, candy canes and hot chocolate.

### Springfield I. W. C. Alumnae in Annual Meet

At the annual meeting of the Springfield alumnae association of the Illinois Woman's college, held Saturday at the Leland hotel in that city, Mrs. Chester Baker of Pawnee was elected

president for the ensuing year. Other officers elected were, Mrs. Josephine Brown of Divernon, vice-president and Mrs. J. R. Curtis Secretary-treasurer. The business meeting of the association was preceded by a luncheon, covers being laid for twenty-five guests.

The dean of the Woman's college, Miss Olive Austin, was present and extended greetings from faculty and pupils. Mrs. Fred Brown of Divernon sang two solos, Miss Eleanor Hussey accompanied.

In future there will be a meeting of the alumnae on the second Saturday in each month, the next to be held in January, 1924 at the Y. W. C. A. Building.

### Society Will Have Xmas Meeting Today

This afternoon at 3 o'clock the Missionary society of State Street Presbyterian church will hold a Christmas meeting at the home of Mrs. W. H. Marbac, 823 West State street.

There will be a brief business session and later will come the Christmas program. The Christmas story from the Scripture will be given from memory by Catherine Goebel. After some brief prayers Mrs. Carl Robinson will sing a group of

Christmas carols, and Miss Beryl Vasconcellos will give the story of the Chimes. Each of the members has been given a tiny bell for a Christmas offering and at the meeting this afternoon these bells will be hung upon the Christmas tree, each member giving a Christmas verse as she attaches her bell to the tree, "The White Gift," will be the title of Mrs. A. L. Adams' story, and the singing of a Christmas carol by the company will close the program. Miss Nellie Cunningham is the president of the society and will preside this afternoon.

### Clubs Will Meet

The South Diamond street club will hold its meeting at 2:30 o'clock Friday afternoon at the home of Mrs. J. J. Reeve, 720 West State street.

The Mound Woman's Country club will meet Thursday afternoon with Mrs. Thomas Graves and Mrs. DeLos James on Webster avenue. A Christmas program is being prepared, and a feature of entertainment will be a Christmas grab bag.

### Opportunity Class Met

The regular meeting of the Opportunity class of Grace M. E. church Sunday school was held last night at the home of Mrs. Nelson McMurphy on West College avenue. It was a Christmas party and there was a distribution of gifts, Mrs. H. L. Griswold being in charge of this feature. The Short family quartet gave a group of songs during the evening and there was a violin solo by Lorine Potter.

During the social hour which came after the program refreshments were served by the hostesses and her assistants, Mrs. C. L. Minter, Mrs. H. L. Griswold, Mrs. Homer Potter, Mrs. H. L. Sperry and Miss Grace Gillham.

### Class Had Party

The Loyal Women's class of Central Christian Sunday school held a class party last evening at the home of Mrs. Frank Corea on Walnut street. About sixty members of the class were in attendance, and the prize of the evening contest went to Mrs. Clarence McCarty. Delightful refreshments were served.

The hostesses for the evening were: Mrs. Charles Patton, Mrs. John Sutcliffe, Mrs. F. M. Roberts, Mrs. Frank Corea, Mrs. Owen Magill, Mrs. Walter Schragg, Mrs. John Tavman, Mrs. Harry Williams and Mrs. Louis Biggs.

## SCHOOL BOARD TO LET CITIZENS KNOW NEEDS

Will Publish Booklet on Conditions of Grade Buildings—Boys Must Stop Playing on Fire Escapes

The publication of a booklet setting forth existing conditions and needs of the Jacksonville school system was authorized by the Board of Education at its meeting last evening. It is intended in this booklet to frankly set before the people the school system as it is and as it ought to be in building equipment, and also the various methods by which the requisite buildings may be secured. It is not the intention of the Board of Education to ask the people to adopt any plan or building program for the grade schools, but only to furnish every home in the city with a clear explanation of the present condition of the grade buildings, and as to several methods by which new and modern buildings may be secured in a reasonable length of time.

Those present at the meeting last night were President Black, Secretary Baird, Supt. Shafer, and members Rogerson, Muehlhausen, Metcalf, Fiedler, Hopper, Duncan and Mrs. Roberts. The financial report showed that general bills during the month amounted to \$3,367 and the payroll to \$14,763.90.

The board discussed the way in which the first step at the high school are being abused by boys, who constantly play on them, climbing to the roof and up and down the ladders. The matter is becoming serious, and small boys of the neighborhood are in the habit of playing on the ladders on Sunday. If the boys do not stop this practice, the board intends to take stern measures. It may be that local police will be called upon to take care of lads who persist in violating this warning.

It was voted to allow the building and grounds committee to build up the drive way at the boiler house, with which the coal haulers are having considerable trouble during the bad weather. Supt. Shafer gave an encouraging report on the mental tests which have been introduced into the schools. It was found in nine rooms where tests were conducted, that four rooms were above par, two had students doing average work, and three were below par in their work. In this way teachers have been able to find the points at which they have failed to get results, and helpful suggestions have been made so that they could bring the work of the students up to the required standard. Teachers have been required to visit the rooms in the system where standard work is being done, in order to obtain pointers on how it is being accomplished.

It was also brought out at the meeting that the Health School is doing satisfactory work. There are now 28 children receiving treatment and training there, and a recently prepared chart shows that since the beginning of school, they have increased in weight from one to 10 1-2 pounds each.

## DEATHS

### Thornton

Mrs. Lucy Thornton died Sunday forenoon at her home in Peoria according to a message received by her aunt, Mrs. Charles Hogan, a resident of this city. The decedent was a resident of Jacksonville for a number of years.

## Tunney Successfully Defended His Title

NEW YORK, Dec. 10.—Gene Tunney, of Greenwich Village, successfully defended his American light heavyweight title to-night in a brilliant 15-round match with Harry Greb of Pittsburgh at Madison Square Garden.

Tunney's body attack earned him the judges' verdict despite a whirlwind rally by Greb in the last round.

Tunney forced the fighting from the start despite frequent and spectacular rallies by Greb. He checked the effectiveness of the challenger's peculiar attacks and gradually weakened the Pittsburgher with a ripping, crushing drive to the ribs and stomach. At times Greb's tactics bewildered the champion, but the challenger often landed with long swings to the jaw and body they seldom stopped the champion's steady body fire. Tunney had Greb in distress in several of the closing rounds.

**Fight by Rounds**

**Round One**—Greb shot in a right to the jaw and took a left to the ribs. They sparred at long range and Tunney pounded Greb about the body. Greb was wild with his left and Tunney landed to the jaw and body. Greb connected with both fists to the head.

**Round Two**—Tunney blocked Greb's left and dug into the Pittsburgher's ribs. Tunney rushed Greb to the ropes but took a jolting right to the jaw. They mixed at a fast pace and Greb landed right to jaw twice. Greb launched a fierce attack but Tunney traded blow for blow. Greb was fighting in his most approved windmill style but often was wild. Greb landed a right to the jaw as the bell rang.

**Round Three**—Greb drove Tunney about the ring with a rushing attack but landed few blows. A left to the jaw forced Tunney to clinch. Tunney punished Greb about the body at close quarters. Greb's right found Tunney's chin. They were sparring as the round ended.

**Round Four**—Greb landed two left swings to the head. They pummeled each other at close quarters. Tunney backed Greb to the ropes with a body attack. They clinched repeatedly with Tunney having the better of the fighting. They traded left swings to the chin as the gong rang.

**Round Five**—Tunney fought his way out of a clinch but took two stiff lefts and a right to the head. Greb was cautioned for wrapping his arm about Tunney's neck and hitting with his right. Tunney pounded Greb's ribs at short range. Greb shot home his left to the jaw without a return

Both landed lefts to the body as the bell rang.

**Round Six**—Both resorted to frequent clinching. Greb's shifting tactics puzzled the champion. Greb opened a gash on Tunney's right cheek but took severe body punishment. One of Tunney's jabs started the blood from Greb's nose. They were mixing at the end of the round.

**Round Seven**—Greb landed a stiff left to the jaw of Tunney with a flurry of swings to the head and body. Tunney came back and jarred Greb with a straight left to the ribs. Greb was cautioned again for holding. Greb's left stopped Tunney and they were in a clinch as the bell sounded.

**Round Eight**—Greb started a wild attack but was battered badly about the body by the champion. Tunney drove home ripping blows to the stomach. Tunney complained to the referee of Greb's tactics. Greb's right found Tunney's jaw as they mixed furiously at close range. The round ended as they broke from a clinch.

**Round Nine**—Greb was wild with both hands. They clinched often with Tunney doing the most damage at short range. Tunney shot a right to the body and crossed with his left. Tunney fought his way out of a clinch but hooked a right wallop to the head. They were dancing about when the bell rang.

**Round Ten**—Both found the mark in a furious exchange but the crowd booed Greb for his apparent holding. Tunney's right dug into Greb's ribs. Greb's right landed to the body and he swung home a left to the chin. Tunney kept up his body attack but was jarred by a left to the head. They were setting a lively pace at the end of the round.

**Round Eleven**—Tunney ripped in with a two fisted body attack. Greb's left sank into Tunney's stomach but the crowd booed both boxers for their clinching. Greb swung home a left. Another left grazed the champion's chin and Tunney came back with a jolting body attack. They were trading blows furiously when the gong rang.

**Round Twelve**—Greb jabbed with his left as he circled around Tunney. They exchanged rights to the jaw after a clinch. Greb jumped about but stepped into a right to the chin. A left to the body jarred Greb. Greb's left connected on the chin. Tunney fell thru the ropes as they clinched and the bell rang before he could climb back in. The champion fell while they were wrestling and not from a punch.

**Round Thirteen**—Tunney pounded Greb's ribs endlessly

## GIL DOBIE AS COACH HAS UNIQUE RECORD OF WINNING ELEVENS

NEW YORK. (AP)—A unique football coach with a remarkable record is Gilmore Dobie, now serving his seventh year as a builder of successful football teams, the last four of which he has lifted Cornell to the pinnacle of gridiron glory.

In the 16 years prior to 1923, Dobie-coached eleven won 81 victories, scored three ties and were defeated but three times, rolling up a grand total of 2,931 points as against the 252 for their opponents. And, as this season has witnessed other Dobie victories and the scoring of more than 200 points by his Cornell eleven, his list of triumphs now is close to 90 and the total points scored by his teams is well over the 3,000 mark.

As "Gloomy Gil" he is known and referred to by eastern football writers, and that sobriquet is made the subject of a sketch appearing in a recent issue of the Cornell Alumni News.

The article takes issue with stories which have depicted Dobie as a morose, and somewhat profane, individual. It states that while he can "cuss" on occasions and does, he "cusses out" the play and not the players. It adds his players have unbounded confidence in him and that the faculty agree he is an inspirational leader.

Dobie began his coaching career in 1905 at Minneapolis High school. The next year he became coach of North Dakota Agricultural College, and in 1908 he signed as head coach at the University of Washington, serving in that capacity to 1915. In 1917 he became coach at Annapolis, and remained at the Naval Academy until 1920 when he was signed by Cornell. In that period Georgetown, which defeated his 1919 Navy team 6 to 0; Dartmouth which defeated his 1920 Cornell team, 14 to 3, and Pennsylvania, which defeated that same team, 28 to 0, have been the only institutions to boast a victory over "Gloomy Gil."

The secret of the success of the Dobie system of football play has been described as follows:

"Dobie's coaching method, or rather the style of play that he develops, has the peculiar quality of absolute precision that goes with definite cadence, not unlike that of a crack drill squad going thru the manual of arms. The marvelous thing about it is that it goes ahead unerringly in the midst of the confusion of charging lines and strenuous physical combat.

"On a given play each member of the team has definite duties to perform in a perfect routine and he takes his three steps in one direction and two in another as infallibly and accurately as if there were no one else on the field."

Experts concede Yale is a great team despite the fact that the Elis are known as champions of the Big Three.

A light schedule is frequently more effective in establishing a championship team than a heavy line.

By way of showing that his courage is only exceeded by his rare sense of humor Carpentier has decided to risk his title against Mons. Spalla, whoever he is.

Jugoslavia has agreed to send a soccer team to America next spring, probably as an answer to disgruntled critics who say the World War was fought in vain.

"The scientific world will probably never know why men shoot at jack rabbits and cheer cross-country runners," Colonel Hickory Knutt.

Vandeville people are making a lot of fuss over a sea cow that sings, whereas we have seen 'em and heard 'em in burlesque for years.

The chief drawback against Ford as a presidential possibility is that he never threw out the first ball at an opening game.

"The Yale players threw their arms around Mallory and kissed him." And this is the effect of Valentino felt in football.

Notwithstanding that the game is played with horseshoes there is more skill than luck in barnyard golf.

Among other things, Doc Cook would have been a tremendous success as a promoter of wrestling matches.

Some of these days Jole Ray is going to break the record for the mile run and then what will he do to pass the time away?

It is still too early to predict just how many All-America men will be left off Mr. Camp's All-America team this year.

## Eddie Collins May Be Sold or Traded

CHICAGO, Dec. 10.—(A.P.)—Eddie Collins, premier second baseman of the American League and captain of the Chicago White Sox, is for sale or trade and may become manager of the Washington club for the 1924 season.

Frank Chance, newly appointed manager of the White Sox, made the startling announcement tonight that Collins had been fast into the player market. This announcement was the most important to come from the convention of more than 1,200 baseball leaders who assembled here today to set their house in order for the 1924 season.

Clark Griffith, president of the Washington Club, while not denying that he had talked over the prospects of landing Collins, intimated that he was in a receptive mood.

Collins, if he is not traded, will be one of the last two players who remained on the club wrecked in 1920 as a result of the world's series scandal of 1919.

The big convention opened today with half a dozen meetings including a session of the board of arbitration of National Association of Minor Leagues, which thrashed out the dispute over the presidency of the Pacific Coast League.

The National League broke all attendance records during 1923 according to a statement of President John Heydler. Actual Mr. Heydler said the former records were not announced but ord made in 1920 was surpassed and that Chicago had recorded the greatest increase of gain. The league also used more baseballs this year than ever before. Mr. Heydler stated, 3,563 dozen being tossed into the field during the last season among the eight clubs, New York using the most, 639 dozen.

The pitchers of the National League will go on their merry way without any leeway thru the use of rosin or other foreign substances, as the result of action taken at the league meeting today. The league voted to take no action in the issue and to leave the rules relative to pitchers where they were last year.

President Baker of the Philadelphia Club endeavored to have an amendment passed that would prevent home runs being declared on any balls that bounded into the bleachers. The question may come up before the February meeting of the league, President Heydler said, and at that time a constitutional amendment may be introduced.

With the golden jubilee of the National League approaching Messrs. Ebbetts, of Brooklyn; Dreyfus of Pittsburgh; Veeck of Chicago, and Mathewson of Boston, were appointed on a committee to see that the season of 1925 is properly conducted as the fiftieth anniversary season.

The National and American Leagues passed a resolution deploring the death of William "Wild Bill" Donovan who was killed in the wreck of the Twentieth Century Flyer Sunday.

The old board of directors of the National League, consisting of Baker, Ebbetts, Breardon and Herrmann, was retired and the new board chosen, consisting of Veeck, Dreyfus, Stoneham and Mathewson.

The Southern Association elected John D. Martin, president, secretary and treasurer for a term

## FOOTBALL COACH HAS TOUGH JOB, OPINES ROCKNE

(By NEA Service)

PITTSBURGH.—"Coaching a football team is an even more precarious position than managing a big league ball club," says Knute Rockne of Notre Dame.

"You must deliver every season. One bad year and the old grads start yelling for your dismissal. Few of the game's greatest coaches have failed to be under fire at some time.

"Incidentally, competition is so keen that a coach can never figure on any game as soft picking. The season is replete with upsets.

"These new stadiums are mighty fine, but they simply add to the worries of a coach. Let me explain. Some of the stadiums cost as much as \$200,000. Forgetting football for a minute and taking up freighting finance, it is easy to figure that a team must take in about \$100,000 profit before it pays the interest on the investment.

"For a coach to turn out a bad team with a stadium to worry about as well as the players, makes the job all the harder. In football the fans like a winner as in baseball and a poor team puts an awful dent in the receipts."

NEW YORK, Dec. 10.—Waves  
of short selling and profit-taking  
swept over today's stock market,  
giving it a general reactionary  
appearance most of the day, but  
they failed to halt bullish demon-  
strations in a number of low  
priced oils and specialties which  
showed independent strength.  
Much of the day's selling is be-  
lieved to have been inspired by  
the belief that the technical posi-  
tion of the market warranted at  
least a moderate reaction after  
six weeks of almost steadily rising  
prices.

Publication of the tonnage  
statement of the United States  
Steel corporation which showed  
another reduction of 304,000  
tons in unfilled orders, was a  
stealthy influence as earlier  
estimates were 46,000 to 65,000  
tons higher. The stock closed  
higher at 94 1/2. Independent  
shares showed mixed fractional  
changes.

New high records were estab-  
lished during the day by General  
Electric, which crossed 200 but  
fell back to 197, up 2 1/2 on the  
day.

General Electric sold at its  
highest price in nearly 20 years.  
Some of the Northwestern  
railroad shares had another sink-  
ing spell on selling attributed to  
a reduction in freight rates on  
grain. Chicago & Northwestern  
duplicated its previous low of the  
year at 58 1/2, but it rallied later to  
59 1/2, off 1 1/2.

Great Northern preferred showed  
a similar net loss on the day.  
Rock Island 7 per cent preferred  
dropping 1 1/2 and Union Pacific  
one. Eastern rails as a rule closed  
fractionally lower.

Strength and activity of Mar-  
land, Cosden and Phillips Petro-  
leum revived reports of a possible  
merger of those companies.

Call money rates were some-  
what higher opening at 4 1/2, ad-  
vancing to five and thence to 5 1/2.  
Time money and commercial pa-  
per markets were firm with busi-  
ness quiet, the rates being five to  
5 1/2 per cent.

**ADVANCE IS SHOWN  
IN WHEAT PRICE**

CHICAGO, Dec. 10.—Wheat  
scored an advance in price today  
largely owing to talk of possible  
damage to crops in Argentina, but  
increased selling during the last  
15 minutes wiped out most of the  
gains. The finish was unsettled  
at the same as Saturday's finish  
to 1c higher; December 1.03 1/2 and  
May 1.09 1/2 to 1.09 1/2. Corn closed  
unchanged to 1 up, oats shade to  
off, and provisions varying from  
10c decline to a rise of 2 1/2.

At first the wheat market  
showed a downward tendency with  
little apparent disposition to buy  
except on setbacks in price.

Knowledge that lake naviga-  
tion was closing and that stocks  
of wheat here were likely to re-  
main all winter had a good deal  
to do with making purchasers  
cautious. On the other hand

gossip was current that some meth-  
od would be devised in Wash-  
ington to stabilize wheat values  
and bulls were quick to take ad-  
vantage of an estimate by Secre-  
tary Wallace that domestic farm  
feeding of wheat amounted to 90-  
000,000 bushels, an aggregate  
much larger than the majority of  
traders had supposed.

Reports of frost in Argentina  
suggesting likelihood of a serious  
reduction of the harvest this year  
gave a more pronounced stimulus  
to buying about the middle of the  
day and prices then moved up-  
ward until just before the close.

Announcement of an increase  
of the United States visible sup-  
ply total was more or less respon-  
sible for profit-taking which fol-  
lowed and which led to the final  
reaction.

Corn reflected the changes in  
wheat. Bulls were encouraged  
by the fact that receipts here were  
less than had been expected. Oats  
lacked support.

Provisions reflected the weak-  
ness of hog values and a break in  
the cotton market.

## WALK-OVER

## All the comfort of home

No wonder men like winter oxfords when they can get Walk-Over style, wear and comfort. Look at this one, the Copley. It's made of Norwegian grain leather, full quarter-lined with calf. It's an oxford that's as tough as a pig's nose and soft as a kitten's ear. The wide toe and fitted heel make it as comfortable as an easy chair at home.

HOPPERSL. C. JUNIOR PROM AT  
ELKS HOME DEC. 19

Depart from Usual Custom of Holding Big Social Event of College Year in Gym—Issue 300 Invitations.

The annual Junior Promade the crowning event of the social season at Illinois college will be given on the evening of December 19, at the Elks Home. This is a departure from the long established custom of holding the affair in the college gymnasium.

Three hundred invitations have been issued, and the prom this year is expected to be the most brilliant in the history of the college. Music will be furnished by the Cerriek Jazz Sextette from Canton. Decorations will be in Christmas colors, red and green.

The committee on arrangements consists of Otis Smith, chairman, Miss Velma Mathews, Miss Glenna Smith and Harlan Falt. The program for the evening will contain a dinner dance preceded by a novelty entertainment given by the dancing pupils of Miss Betty Palmer. Caterers from the ePacock Inn will provide the refreshments. Everything is being done to make this formal social event one of the most pleasant occasions of the college year.

MEETS DEATH WHEN  
CAR GOES INTO CREEK

Jesse Vickroy of Peoria Crushed Down by  
Machine Drowned in Creek Near  
Asbury Church

Jesse Vickroy of Aurora, Ill., and employed in Peoria, came to an inopportune death yesterday afternoon when the car he was driving, plunged into a stream of water near Asbury church southeast of this city and pinned him beneath it.

Vickroy had been visiting at the home of Ned Bunch southeast of Murrayville and was returning to Peoria where he was employed as an iron moulder. He had been absent from Peoria since last Saturday afternoon when he left in a car belonging to Hilman Falk of Peoria.

His death was discovered by the daughters of Geo. M. Cunningham of Woodson who are attending high school in this city and were on their way to Woodson. They immediately summoned Earl Hembrough who with Harry Curtis and Ed Craig residents in the near vicinity of the tragedy removed the body from underneath the car. The body was found face downward in the water and the supposition is that Vickroy had been in this position about fifteen minutes before removal.

It is thought that the car be-

came unmanageable as Mr. Hembrough stated that he noticed that when the car came by his home a short distance from the scene of the tragedy, that the driver was having trouble in keeping the machine in the road.

As soon as news of the accident reached the city efforts were made to notify Coroner Rose, but Mr. Rose had been called to Alexander by the sudden death of Owen Kiernan of that city. Sheriff Wright then made the trip in his car and brought the body of the unfortunate victim to the Gillham Funeral Home.

By looking up the license number of the car, officials ascertained the owner and upon getting in connection with him they learned the identity of the driver.

Mr. Vickroy's relatives were immediately notified of his death and are expected to arrive in the city today. Mr. Falk will arrive in the city to take possession of the car which was taken in custody by Joy's garage. Mr. Vickroy was a single man and about 24 years of age.

Coroner Rose will conduct an inquest over the body this afternoon at the Gillham Funeral Home.

TWO MEN ARRESTED  
AFTER SHARP FIGHT

Deputy Sheriff Strawn Took In  
Pair on Liqueur Charge—Arrested After Pursuit.

Last Sunday night Sheriff Wright had a call from Prentice asking that he come to that place immediately to quiet certain disturbances which were taking place. When the sheriff's force arrived in Prentice, two of the three disturbers Charles Davis and Lloyd Flynn had disappeared, the other, Dan Duffey was arrested and brought to the city and lodged in the county jail.

Yesterday morning Deputy Sheriff Henry G. Strawn accompanied by his wife, while driving on the hard road east of the city, met the two missing men in a car and tried to stop them, failing in this he turned his car around and gave pursuit. Deputy Strawn outdistanced the two men and then tried to stop them by driving in front of them when the pair almost ran over him. Failing to stop them the deputy sheriff picked up one tire and the radiator, by revolver shots bringing the two to a halt.

Strawn and the two other men got out of their cars and a fight started at once. As assault Davis and Flynn are now occupants of the county jail and both of them realize more or less that they have been in a fight. Deputy Strawn stated that they both resisted arrest and attacked him when he attempted to place them under arrest. With the odds against him the deputy sheriff continued the struggle. He succeeded in getting the two men to Berlin after he had subdued them and called deputies from here who brought the prisoners to Jacksonville. Dr. H. C. Volkman, county physician was called to dress their wounds at the jail. Flynn has about eight cuts on his head.

One quart of liquor was found in the car by Deputy Strawn who stated that the men threw five quarts from the car while he was chasing them. Charges of resisting an officer and transporting liquor will probably be placed against both Flynn and Davis.

FORMER RESIDENT  
DIES IN QUINCY

There passed away at the Soldiers and Sailors Home in Quincy Sunday, James Gilpin, a former resident of this city.

About three months ago the decedent suffered a fractured hip and it is believed that this hastened the end of the old soldier.

Mr. Gilpin has made his home in Jacksonville during practically his entire life, his only absence for any length of time being during his service in the Civil War and two years spent at the Soldiers home in Quincy.

Those surviving are a daughter, Mrs. Ollie White of Springfield; a sister, Mrs. George Smith of Peoria, and a grand daughter, Mrs. Williams of East Wolcott street, who it was received the message Monday morning telling of Mr. Gilpin's death.

COMING TO STUDY  
TELEPHONE METHODS

Convention of District Telephone Association Will Be  
Held Here Wednesday.

The West Central District Illinois Telephone Association will hold a conference and traffic meeting in Jacksonville tomorrow when more than 200 employees of the telephone companies, including telephone executives and traffic department heads, will be assembled in the Chamber of Commerce rooms for instruction.

Miss Pearl Thompson, chief traveling operator for the state will conduct an operator's school at 10 o'clock on the second floor of the Commerce building. She will have an equipment consisting of a PBX board, such as is used in the Commerce building, a central office board, and a long distance board, with which she will demonstrate the correct way of transmitting a call from station to station.

At 2 o'clock, an executive meeting will be held in the Legion rooms, and a demonstration conducted covering such points as line work, insulating, wire tying, and the general complexities of the telephone business. Speakers of the afternoon will be A. R. Patterson, Streator, and J. G. Mitchell, Springfield, secretary of the Illinois Telephone Association. Mr. Mitchell, speaking in reference to the conference stated:

"Its purpose is to introduce the possible refinement in operating methods and organizations, so that the general public may have available the very highest possible standard of telephone service. The conference should be of especial interest to the public because of the close relation between telephone service and community life."

At 12 o'clock the delegates will be served dinner at the Peacock Inn.

MARTIN KENNY'S  
WILL RECORDED

The last will of Martin Kenny was filed for probate in the office of County Clerk G. L. Riggs yesterday.

The will provides that after the payment of the debts and funeral expenses of the deceased, the remainder of his real estate shall be left to his sister, Nellie Kenny upon trust, to be frugally managed and cared for and upon trust out of the net rents, issues and profits of the estate after the payment to his sister, Nellie Kenny, has been made for her services performed, she shall care for the keeping and nursing of the deceased's invalid wife and child.

The will further provides that should the wife Frances Kenny recover her health she shall have possession of the real estate for her natural life and at her death the property is to go to her daughter when she becomes 18 years of age. It is further provided that should the wife and child die the property shall go to his sister Nellie Kenny. During the sister's possession of the estate in trust she shall have the power to dispose of the real estate should she deem it advisable. A clause in the will also provides for the appointment of Nellie Kenny as executrix.

MAN HELD HERE FOR  
MURDER WAS INSANE

Harry Wells, Who Killed Wife With Axe, Sentenced to Criminal Insane from Pike County Yesterday—Dr. McLin Is Principal Witness

Dr. Thomas G. McLin of Jacksonville State hospital was the principal witness in the trial of Harry Wells at Pittsfield yesterday, on charges of murdering his wife. Wells killed his wife at the farm of his brother near Barry on June 26 last, doing the deed with an axe. He then attempted to cut his own throat and slashed his wrists with a razor. On July 6 Wells was brought to the hospital here, where he was held until Sunday, when he was taken back to Pittsfield by the sheriff to stand trial.

The jury found that Wells had committed the crime while insane and that he was still mentally deranged. He was committed to the hospital for the criminal insane at Chester by Judge Wolfe of Quincy, who was presiding on the Pike county circuit bench yesterday.

Dr. McLin testified that Wells, since his confinement at the hospital here, had been despondent and melancholy. He seemed to realize that he had killed his wife but conceived that both he and his wife were mentally unbalanced, and that it would be best for him to put them both out of the way. Hence the crime and his attempt upon his own life.

CHILDREN HEARD  
TALK BY MISSIONARY

Meeting of Grace Church Children Sunday Afternoon Addressed by Miss Kate Blackburn. Returned Missionary from Bulgaria.

At a meeting of Grace church children held Sunday afternoon a very interesting address was given by Miss Kate Blackburn, who has recently returned from Bulgaria after many years of service as a missionary for the Methodist church.

Miss Blackburn spoke in an informal way to give the children some idea of the characteristics of the people of Bulgaria, their home life and the general conditions since the war.

She told the children that Bulgaria was the only state or country in that area that has paid its wartime debt, and this has been accomplished by the strictest economy. Farming is one of the chief activities of the country but the methods followed are very primitive. The harvesting is done with scythes and the threshing is by the old time flail methods. The greater part of the work in the fields is done by women.

Seen thru Miss Blackburn's eyes Bulgaria is a country with great possibilities of growth and with people who respond as opportunities for education and advancement are given them.

PYTHIANS ELECT  
OFFICERS FOR YEAR

Jacksonville Lodge Had Interesting Session Monday Night—Three Candidates Took Work—Roll Call in January.

An enthusiastic meeting with a large attendance was held at the meeting of the Knights of Pythias, Jacksonville Lodge, No. 152 last evening. An election of officers took place after which three candidates took the work in the rank of Esquire.

The officers elected for the coming year are as follows:  
C. C.—Lascaster Elliott.  
V. C.—Wilbert J. Hauck.  
F. C.—J. C. Coley.  
M. of W.—Henry W. Howard.  
K. of R. and S.—H. C. White.  
M. of F.—Louis P. Hauck.  
M. of E.—Ralph I. Dunlap.  
M. at A.—Ernest Bloomquist.  
Inner Guard—J. Lloyd Read.  
Outer Guard—H. C. Laux.  
Trustee—A. R. Taylor.  
Grand Representative—J. B. Seibert.

Arrangements were made at this time for a Roll Call to be held the first part of next January. The Roll Call committee consists of Arthur G. Cody, W. J. Hauck, George Wiseman, H. C. Laux and John Shadid. Several visitors were present and George Arnold and E. W. Admire of Roodhouse and J. Bernkopf of Chicago made short talks before the lodge.

DR. CHAPIN BACK  
FROM MAYO CLINIC

Dr. H. A. Chapin has returned from the Mayo clinic, Rochester, Minn., where he has been attending the Radiological Society of North America which was in session December 2 to 8. This society is composed of physicians from all parts of the United States and Canada who are devoting their entire time to the use of X-ray and radium. The subject of treatment of diseases, both malignant and non-malignant, were discussed and many satisfactory results demonstrated. The scientific use of X-ray for diagnosis has attained such a degree of accuracy that many diagnoses are made that previously were baffling to the physicians. The Rochester press pronounced this the most scientific meeting in the history of the society.
